MOTION TO RESUME THE CASE

**Michael N. Milby, Clerk of Court**

I previously filed this Bivens Lawsuit #07-436. There was several phone hearings and motions filed.

Defendants filed the following:

- a) Motion to dismiss for failure to exhaust administrative remedies).
- b) Motion of opposition to plaintiffs motion for a preliminary injunction.
- c) Motion to answer amended complaint.

I then filed three motions each motion was in response to the above motions.

I filed:

- a) Plaintiffs response to Defendants motion to dismiss for failure to exhaust administrative remedies.
- b) Plaintiffs response to defendants opposition to plaintiffs motion for a preliminary injunction.
- c) Plaintiffs answer to defendants answer to amended complaint.

Before hearing from the court on any of those matters on 6/1/08 I filed a motion to dismiss and seal the case. The motion to dismiss was granted without prejudice.

I decided to file the motion to dismiss due to an error in judgement on my behalf and more seriously due to staff harassment regarding this matter along with their treatment.

I now and after careful and serious consideration ask that the court issue and order to resume the case. All matters in the case are still the same and nothing has changed.

Not allowing me to resume the case will only cause me severe hardship by making me pay another fine to file a new case and nothing else will be different. Since I filed this case I have been paying the fines on it. I just finished paying the fees to file this case this week. I plead that the court resume this case from where it left off to avoid having me be put in another financial hardship.
